DFWP has requested a permanent easement for a public fishing access site along the Madison River adjacent to the mouth of Cherry Creek. Located approximately 26 miles west of Bozeman and 9 miles east of Norris along highway 84 this area has long been used by recreationists, including overnight camping that has caused degradation to the area. Through the grant of an easement, DFWP and the BLM will coordinate management and maintenance of the site, known as the Damselfly Fishing Access. The Department recommends approval of this easement for the fishing access site as it will alleviate current management problems and provide a permanent, organized recreation access location.
